CRAFTSMANSHIP WITH ART

Who we are:

Welcome to Cubitac - home to the makers of beautiful and strong cabinets. With only three things in mind - to create a cabinet that is affordable, fashionable, and durable - we go to great length to bring you just that. Considering timing to be of essence when remodeling a kitchen, we pre-stock our customizable product so you don't need to compromise on time, money, or style. Cubitac, the art of the home.

Why we're here:

Cabinets. They are the silent witnesses to the beauty of a home. To the dedication, the perseverance, the strength and wisdom that make families flourish. At Cubitac we are committed to build our cabinets with an extra measure of durability, design and focus, so that they too are as reliable as they are beautiful.

What we're busy with:

At Cubitac, the excitement of the new is fueled by the commitment of old. Everyday is about a better cabinet, a better service, a stronger promise.

CUBITAC IS MOVING!

Cubitac is moving to an expanded warehouse to be able to house a few additions to the Cubitac Collections.

DID YOU KNOW? | We've outgrown our warehouse 3 times in the last 4 years.

The white kitchen is an American favorite. Yet who couldn't use a touch of color in their life? Meet our new Hand-Glazed Newport Latte collection. A little color, a lot of white. It's just right.
